Marist Solidarity Cambodia

Director's Message

Dear Friends of MSC,
Throughout much of this year Marist Solidarity Cambodia (MSC) has been using an approach to improving staff performance provided to us by our friend and year-long volunteer, Anthony McDonnell. For all of our people in each of our projects the Personnel Performance Planning and Review, (PPPR), is proving to be a very useful tool for reflecting on our work and its effectiveness.

Our own planning strategies ensure that MSC's programs are holistic and relevant to the needs of children and young people with disabilities. We have managed to make available the seeding funds necessary for establishing ways of earning a living; we have worked harder to place skilled young people with disabilities in jobs, with private companies, other NGOs and in government offices; we continue our efforts to be an effective movement advocating for inclusion of people with disabilities into a society without barriers.

Reflection, review and plans to improve are also helping us maintain our efforts to ensure that young people with disabilities can access public schools without hindrance. Renovations to provide accessible toilets and safe ramps make for a far more relaxed and manageable school environment.

The PPPR approach is enabling us to improve staff performance and, notably, to build leaders who will help MSC grow.

Thank you for your on-going support: we continue to be very grateful to you and others like you who help our work. My sincere

New Dormitory at LaValla

Overcrowding at LaValla is a constant worry at the beginning of each school year as we attempt to accept as many students as possible. We recently received good news from Australian Marist Solidarity that The Little King's Movement in Brisbane will generously fund the construction of a new dormitory capable of housing twenty children. We thank The Little King's Movement for their gracious support as we await the beginning this project.

LaValla Funding

As the search for future funding intensifies we would like to take stock and thank our current donors for their endless support. This year we have received 76% of funding for LaValla from the fund searching efforts of the team at Australian Marist Solidarity based in the Marist Province of Australia in Brisbane and we look forward to these
